Attn; J Martori and Clark Pearson,

This is to inform you, as of this date, 27 July 2017, I, Ronald C. Miller, duly Elected Chairman of Tenmile Mining District and President of Rocky Mountain Mining Rights, resign as a Minerals and Mining Advisory Council Northern Administrator due to disagreement with your corporate servitude policy, attacks and total disregard and support for the inappropriate, slanderous and threatening remarks/actions/Emails of your current Northern Mmac Administrator Don Smith.

I do hereby submit my resignation as a Northern Minerals and Mining Advisory Council Administrator as of the above Date. I hereby sever all ties to Mmac and have stopped any and all payments (monthly fee of \$10) as of the above date. Please be advised no further correspondence is warranted or needed as of this time.

Mr. Pearson has been of great assistance to myself and I do thank him for all of his assistance and help. Unfortunately we have taken different paths in this manner which may or may not be mended. I wish him the best of luck in the future. Also on the other side of the coin, only one side of the story was wanted to be heard, damaging emails were ignored and no phone calls were answered or returned by Mr. Pearson or Mr. Smith. This is not a way to run a business. It shows a definite lack of leadership qualities. It appears birds of a feather flock together! As Mr. Smith has stated in an email, his words were, I am misguided by members of Tenmile Mining District. The only misleading is in Mmac's small print (something about Mmac is the only one to speak on the Federal, State and local level????) The correct terminology should be the misdirection of Mmac's spoken word as compared to their written word. Would any of you let someone else speak for you or tell Mmac who could be on their trips to D.C I don't think so. If this is how Mmac conduct their business then the word must be spread so as to warn others of the trap they may fall into as Mr. Smith has threatened to do to the Tenmile Mining District members. This will not happen on my watch!

Please remove my contact information from your website immediately as to avoid any future confusion!

Ronald C. Miller

Chairman, Tenmile Mining District

President, Rocky Mountain Mining Rights
